Who are Essex Short Breaks Clubs and Activities?

Essex Short Breaks Clubs and Activities give children and young people the chance to take part in fun activities, experiences and life skills. Helping them to develop their independence, make new friends and try new things. It also gives families time to do things they may not otherwise be able to do together.

Essex Short Breaks partner with clubs and activities running across Essex. We support and develop those clubs and activities responding to need and family feedback. We also provide advice and signposting for parents who register with our service.

Join our mailing list to receive news about clubs and activities in your local area, regular newsletters and invitations to events run by Essex Short Breaks, our providers and partner organisations.

You can access short break activities and clubs for children and young people with a disability if:

- You live within the administrative boundaries of Essex County Council* (excluding Southend and Thurrock local authority areas)
- You are aged between 0 and 18
- You are aged 19 to 25 and have a personal budget
- You have a diagnosis of special educational needs and / or a disability

Do you have your Short Breaks passport ID?

*Please note: children and young people fostered in Essex, but looked after by another Local Authority, are not eligible for a Short Breaks passport id number. They can access short breaks clubs with funding from their Local Authority through their care plan, paying the provider directly for sessions attended. Register for Shortbreaks online at: <https://shortbreaks.essex.gov.uk/> to receive a passport id with which to access clubs, book caravans, etc.

All our providers carry out registration and assessment prior to children or young people attending clubs and activities.

See below for details of our providers across Essex:
